

New Source Review newspaper advertisements for construction permit applications, September 21, 2006. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: September 19, September 20, or September 21, 2006. Public notices are generally published every two weeks. The previous publication of public notices was September 5 – 7, 2006.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Hawkins Hotmix Products with a mailing address of P.O. Box 292, Wartrace, TN 37183. They seek to obtain an air contaminant permit (Division identification number: 02-0109-01/60274) for modification of an Asphalt Plant located on Squire Hall Road, Shelbyville, TN 37160. This existing operation consists of crushed rock and sand stockpiles, a continuous type mixer, and associated equipment used to produce hot-mix asphalt. Number 2 fuel oil is used for fuel. Wet suppression and a baghouse are used for pollution control. The requested modification is for an increase in hourly allowable production. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. J. Fuss is the assigned Division person.

For the Bedford County “Shelbyville Times-Gazette”--published once on or before Thursday, September 21, 2006.

The applicant is Goodrich Corporation - Landing Gear Division with a mailing address of 201 Mitchell Blvd., Tullahoma, TN 37388. They seek to obtain an air contaminant permit (Division identification number: 16-0096-23/60182) for construction of a Shot Blast Operation at the same address. This proposed operation would consist of one shot-peening booth. A cyclone and multi-filtered dust collector would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. G. Latif is the assigned Division person.

For the Coffee County “Tullahoma News”--published once on or before Thursday, September 21, 2006.

The applicant is Foutch Industries, LLC with a mailing address of P.O. Box 4064, Smithville, TN 37166. They seek to obtain an air contaminant permit (Division identification number: 21-0052-01/60062) for construction of an Automotive Parts Washing and Surface Coating Operation at 400 Moog Boulevard, Smithville, TN 37166. This proposed operation would consist of nine (9) spray booths and associated drying ovens as well as a parts washing and drying operation. Natural gas would be used for fuel for the ovens. Exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Younes Aleali is the assigned Division person.

For the Dekalb County "Smithville Review"--published once on or before Thursday, September 21, 2006.

The applicant is Southern City Concrete Products, Inc. with a mailing address of P.O. Box 1256, Jackson, TN 38302. They seek to obtain an air contaminant permit (Division identification number: 43-0066-01/60303) to construct a Concrete Batch Plant Operation at 10719 Old State Rt. #1, New Johnsonville, TN 37134. This proposed operation would consist of gravel, crushed rock and sand stockpiles, a cement silo, a mixer, and associated equipment used to produce ready-mix concrete. A baghouse and wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Robert Benjamin is the assigned Division person.

For the Humphreys County "News Democrat"--published once on or before Thursday, September 21, 2006.

FIRST APPLICANT

The first applicant is Blalock Lumber Company with a mailing address of P.O. Box 4750, Sevierville, TN 37864. They seek to obtain an air contaminant permit (Division identification number: 78-0199-01/60212) for construction of a Concrete Batch Plant at 360 W. Mill Creek Road, Pigeon Forge, TN 37863. This proposed operation would consist of a concrete batch plant, silos, and associated equipment used to produce concrete ready mix. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. O. D. Jacobsen is the assigned Division person.

SECOND APPLICANT

The second applicant is Blalock Lumber Company with a mailing address of P.O. Box 4750, Sevierville, TN 37864. They seek to obtain an air contaminant permit (Division identification number: 78-0200-01/60215) for construction of a Concrete Batch Plant at 3129 Birds Creek Road, Sevierville, TN 37864. This proposed operation would consist of a concrete batch plant, silos, and associated equipment used to produce concrete ready mix. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. O. D. Jacobsen is the assigned Division person.

For the Sevier County "Mountain Press"--published once on or before Thursday, September 21, 2006.
